TRUSTED ALWAYS

With a wide range of training courses available and a dedicated team of training specialists, we have the certified training program to suit your needs.

Why train with Alcolizer Technology?

Alcolizer Technology is a world-leader in the field of Alcohol and other Drugs testing. As the manufacturer of Alcolizer and Druglizer devices and provider of class leading on site testing services for alcohol and other drugs, we are best placed to provide device training, certified collection training, education and awareness.

Our leading-edge training and education programs are delivered via online e-learning training and can be supplemented by Alcolizer Certified instructors if required.

Certification of all device users and sample collectors is essential to ensure good practice is followed and to maintain standards collection donors and employers can be confident will stand up to any interrogation.

As a Registered Training Organisation (RTO) for delivery of the HLTPAT005 Collect Specimens for Drugs of Abuse Testing course Alcolizer Technology offers a wide range of professional, easy to follow certified courses that will benefit your organisation and your employees.

The Certified Operator training courses are for industry professionals who require more in-depth knowledge and advanced understanding of Drug & Alcohol testing equipment, best practices and technologies. Alcolizer's Familiarisation training provides new operators with general knowledge and best practice guidelines for utilising Alcolizer Drug & Alcohol testing devices in the workplace.

Nationally Recognised Training

HLTPAT005 - Collect Specimens for Drugs of Abuse Testing

PURPOSE

This Nationally Recognised course is intended for students who are required to perform onsite Drug and Alcohol Testing. The course is designed to ensure correct procedures are followed when performing onsite Drug and Alcohol testing and preparing and packaging a specimen for laboratory testing.

DURATION

Students have up to 60 days from enrolment to complete their course.

- Online Theory and Training 10 hours
- Written Assessment 2 hours and
- Video Conference Component 1.5 hours

DELIVERY

This course will be delivered via a combination of online theory; and Microsoft Teams practical training and assessment sessions at the individuals workplace.

COURSE OUTLINE

This unit describes the skills and knowledge required to confirm collection requirements, prepare client and equipment and collect specimens following the special procedures that apply for drugs of abuse testing.

PATHWAYS

This course provides students with the required skills and knowledge required to work in environments where drugs of abuse testing takes place including workplaces, collection centers, hospitals and health care environments.

ENTRY REQUIREMENTS

In order for the student to successfully complete the course the following is required,

- AS3547:2019 approved breath tester
- A computer
- Access to a reliable internet connection (Wifi)

ACCREDITATION

We provide a Statement of Attainment to all students who successfully complete all components of our nationally recognised course HLTPAT005 Collect Specimens for Drugs of Abuse Testing. Students will also receive a Statement of Attainment card to display with completing testing.

SUPPORT

Alcolizer is dedicated to ensuring our students have a positive student experience and a successful outcome. If a learner is experiencing any difficulties with his/her studies the learner is to contact the trainer as the first line of support. If the matter requires more attention, then the learner will be referred to the National RTO Manager to assess the nature of the underlying problem and they will develop an appropriate action plan. Alcolizer Pty Ltd will make available its full resources to ensure the learner achieves the required level of competency in the qualification.
